

# C. Eule Dance Newsletter 2016

Dear friends, 2016 marks our second year of C. Eule Dance being on the West Coast. We had the opportunity to spread our work to new areas in California, starting with the beautiful Old Town Temecula, where we were invited to perform in Temecula Theatre's new festival, Front and Main. We started creating a new work in response to California's struggle with the drought, and we performed a section of the work in Santa Monica's MixMatch Festival and at Pasadena Art Night at the ARC Studio Space.

We recently received the great news that we have been awarded our first grant in California from the Culver City Cultural Affairs Commission called the Culver City Performing Arts Grant! The grant will help us in presenting our own Season at the Ivy Substation on June 23 and 24, 2017. For this concert, we will also be celebrating Culver City's Centennial by paying tribute to the city's past and future, completing our piece on the drought, as well as presenting some of our repertory that has only been seen in New York. As is C. Eule Dance's tradition, we will also conduct an interactive workshop for families after the matinee performance to continue our outreach efforts with children.

We have just appointed new West Coast-based Board Members, and we are excited to welcome them to C. Eule Dance! We also said farewell to two of our founding Board Members, Marilyn Feuer and Jeremy Kasha, and are grateful for their many years of service.

In the Spring, we will be holding a Benefit Party to raise the additional funds needed for our Season, so please look out for that date. In the meantime, any donations you can make to help fill the gap in our budget would be greatly appreciated and would help make our work possible!

Happy New Year, we are looking forward to seeing you at our upcoming events!

Yours, **Caron Eule**
