

# C. Eule Dance Holiday Newsletter

## Seasons Greetings friends!

2020 was a challenging year for everyone, including those of us in the arts. For the first time, many of us were forced out of performing live, and we had to find new ways to express ourselves artistically. C. Eule Dance was looking forward to our first time being presented by Highways Performance Space in 2020, but obviously, due to the pandemic, that Season was canceled until further notice. Instead, I made two dance videos, working in this medium for the first time. Both videos expressed the feelings people were experiencing during the pandemic and in 2020 in general. The first video, "Six Feet Apart" was created remotely from the dancer's homes with rehearsals by video and FaceTime. Click below to view:

We just finished creating our newest video, "APARTment 2020" which was created in an empty apartment with one day to rehearse and film. We collaborated with incredible composer, Michelle Sudduth.

Though I am enjoying experimenting in the medium of film, I can't wait to get back into live theaters when we can all be together again! Until then, stay safe and warm, and we wish you a Happy 2021!

Any donations to help make this program possible are very much appreciated! To make a contribution, please visit our website:
