

C. Eule Dance Holiday Newsletter

Happy Holidays from C. Eule Dance!

During 2022, C. Eule Dance did most of its work in the Los Angeles Public Schools. The schools were recipients of a generous grant from the Fairfax Community of Schools, established to provide support to children's recovery from the pandemic school closures. We created a lively program of C. Eule Dance repertoire. Our dancers performed the pieces followed by workshops with the students, taught them sections of the choreography, and conducted improvisational exercises, encouraging the students to explore their individual creativity. The program was a great success, and my daughters Lena and Eve made their C. Eule Dance debut as baby penguins!

Jumping from Elementary School to College, I was invited to be a guest choreographer at the Santa Monica College Dance Department and recreated my piece, "Fluid Memories." The college students gave an impressive performance of the piece as part of "Synapse" at the Broad Theatre, in May.

Looking ahead, we hope to continue our work in the schools with more performances and workshops! Feel free to subscribe and leave comments on my [YouTube Channel](#)!

Any donations to help make this program possible are very much appreciated! To make a contribution, please visit our website: ceuledance.org/dance/contact

All the best for a happy and healthy 2023!
